

GUILHERME PACHECO PINTO

PRODUCT DESIGNER & AI NATIVE DESIGNER

PROFILE

I'm Product Designer with a background in graphic design and a focus on human-centered digital experiences. Skilled in translating complex problems into clear, intuitive interfaces through systems thinking and structured UX processes. I work natively with AI tools to accelerate research, ideation, and design iteration — combining speed with intentional craft.

PROJECTS

GLOW AI MVP | TEAM PROJECT | 2026

Faculty Fine Arts School of University of Lisbon | Lisbon, Portugal

Designed GlowAI, an AI interior design assistant, over a 59-day MVP sprint—social listening, competitive benchmarking, and Jobs-to-Be-Done, solving how to turn scattered inspiration into confident, budget-fitting decisions. Delivered a high-fidelity, coded prototype with a guided 3D room-scan flow, a real-time budget optimizer, and a tradeoff explorer for swapping over-budget picks.

REVOLUT SHARED POUCH | TEAM PROJECT | 2025-2026

Faculty Fine Arts School of University of Lisbon | Lisbon, Portugal

Built a multi-user Revolut platform using an “Anchor” account and shadow ledger to track contributions, enabling guest spending via virtual cards with automated reconciliation and real-time balance updates.
